**OBJECT: LETTER OF RECOMMENDATION**

---

To Whom It May Concern:

I would like to confirm that The Corporate Awareness and Development Group Pty Ltd (CADG) have been working with SlaughterFX Productions with our latest movie project "Daddy's Little Girl" for three months.

During this time, CADG has displayed great skills and a unique ability to identify and solve problems and getting the job done. CADG has been instrumental in streamlining our production of our latest movie. CADG's experience in supplying their advisory role and expertise in authenticating props such as police uniforms and replica weapons has been a very valuable asset, one that can certainly be of great value to any production company utilising CADG's advisory skills and authenticating equipment you may need.

CADG is loyal and always places the welfare of the client above all else. CADG's spends long hours on a movie set and has patience with their clients to overcome any issues, not to mention CADG's management has great customer relations skills, this make's CADG an ideal supplier of their particular service to the movie industry valuable. If available, CADG can certainly count on re-contracting with our firm, for any new movie projects that may arise in the future.

Any company or agency considering CADG for contracting their services has my most enthusiastic recommendation. As CADG's performance has indicated, CADG is destined to achieve new heights in their movie industry career and set new records for CADG's future clients, as CADG did here.

Please feel free to call me at the number below if you have any questions.

Sincerely,
